A lifelong mariner on sail and power yachts, with experience in navigation, weather routing, boat handling, & management. Have done over 108k miles and 3300 days in Alaska, Canada, Mexico, Eastern & Western US coast, Caribbean, Central America including Panama Canal, and Hawaii. My engineering degree from Oregon State, along with corporate work, and commercial fishing background give me life long experience on management and ship board systems. Long time goal has always been to further my knowledge and proficiency in these areas while continuously upgrading my training and certifications in both US and international certification systems.
